
Shaker Corner Cabinet (\$4,620.00)

Corner cabinets are a great solution when you need storage, but don't have the space for a full sideboard and hutch. We have a 3-sided and 5 sided corner cabinets to match almost any décor including contemporary, classic and modern designs.

Each corner cabinet is built out of real hardwood and boasts a lifetime guarantee.

Our Shaker 5-sided corner cabinet has a deceptively large amount of storage space. The added space is because of the "returns" on the sides of the case, nearly doubling the space of a comparable 3-sided corner cabinet.

- Two LED dimmable light.
- Three adjustable glass shelves.
- One hardwood adjustable shelf
- Inspiration knobs
