

Dictionary Stand (\$1,065.00)

Since we introduced these Dictionary Stands to our catalog, they have remained one of our best selling items. The sloped top has a book ledge to keep your dictionary or atlas in place.

The style is classic Arts and Crafts and the simple timelessness of the design allows this piece to work in almost any setting. We stock these dictionary stands in a variety of woods; immediate availability depends on stock.

Each comes with two adjustable shelves and built-in leveling feet.
