
Workstation Stool (\$475.00)

This small stool is versatile. It has four large casters, which are rubber rimmed, to allow it to glide across wood or tile floors without harm. This stool is a perfect accompaniment to a bathroom vanity, a small desk, or to nest inside the workstation. The mortise and tenon joints are pegged with maple pegs for added strength.

Fabric: The price of this piece includes the cost of upholstery but does not include the cost of fabric. You can drop off or mail a fabric you found elsewhere or pick from our selection listed below. Minimum of 3/4 yards of fabric is required.
