
Simply Beautiful Huntboard (\$2,920.00)

Tapered legs give this huntboard a light, elegant look. With simple wooden pulls, a frame and panel side profile and a slightly larger over-hanging top, this huntboard would work well in a Craftsman-inspired dining room, but combined with the slightly curved legs of the Simply Beautiful table and Middleburg chairs, it takes on a much more contemporary feel.

- Includes silverware liner in top drawer.
- Wooden peg pulls included.
- One adjustable shelf inside each cabinet
- All drawers on soft close metal glides
- All doors use soft close European hinges
