

## Linnaea Collection (\$950.00)

The Linnaea coffee and end tables are designed to match our Linnaea living room seating collection, but would look right at home in any modern or contemporary interior.

This collection represents a departure for Hardwood Artisans. Previous living room collections have had distinct Arts & Crafts and Shaker roots. In addition, this collection is more technically challenging than previous collections, requiring the craftsman to establish reference points on full boards before sculpting the shapes to their final form. The Linnaea Collection draws its name from the *linnaea borealis* flower, reflecting the clean, organic, simple lines of the furniture designs.

- Solid wood construction.
- Pegged mortise and tenon frames.
