

Shaker Armoire (\$3,315.00)

In its day, an armoire might be the only piece of clothing storage in a room. It needed to have features that made it versatile and adaptable. We have maintained this ideology in our Shaker armoires, featuring adjustable shelves, hanging bars, mirrors on the backs of the door, cedar lined drawers on some, and small pullout drawers on others. Need something with more considerations? Call our sales staff for a custom design.
