
Linnaea Sofa Table (\$2,070.00)

Equally at home as a small dining serving table, an office credenza, behind one of our Linnaea sofas, or in a hall, this little table looks great anywhere. The overall appearance is interesting and strong, but not heavy. As with all our pieces, the boards are individually hand selected, carefully assembled, and meticulously finished.

Not clearly visible in the photos, this Linnaea hall table has two handle-less drawers underneath a bowed front top.

Although designed as a “Mid-Century Classic” piece, this hall table will fit in nicely with many different decorating styles.
