
Hall Tree (\$685.00)

We could have called this simply a coat rack, but this beauty just screams out "Hall Tree", as it seems to grow right out of the floor. In addition to being very functional – you can hang 16 coats on this at one time and have all of them accessible – our hall tree looks equally beautiful and correct standing unused in the corner of a room.

The design is reminiscent of a classic Roycrofters piece, but it is uniquely Hardwood Artisans. We make these up in batches, most often in cherry, walnut, or mahogany, but we also do up the occasional one in curly maple or in mixed woods.
