

## Contemporary File Cabinets (\$945.00)

Our contemporary file cabinets are made of solid wood. Due to the design, you can place several file cabinets tightly side by side. These file cabinets feature heavy duty metal glides for ease of operation with for the worst packrats among us. Each drawer can handle 100 pounds. The drawers come equipped with the set up for hanging file folders.

- Finger grooves standard handles
- Available as a legal file drawer cabinet at no additional cost. The case will be 3" wider than letter file cabinets, or 2" deeper for lateral files.
- Optional locking features available. Call for assistance
