
Baton Rouge Nightstand (\$1,000.00)

We designed this nightstand to go with the Baton Rouge bed, changing its scale to be more in keeping with the bed. A bit smaller, but still substantial, these nightstands feature drawers on metal glides for full extension, elegant and subtle arches, and a curved front top with an edge treatment to give this piece the lift it needs. The pulls are made of wood and stained black, with a graceful “bow tie” shape.
